

LITASKI

LIGHT A SKY

AUGUST 2025

For over 3 decades, Litaski has been synonymous with premium electrical switches, enhancing homes and offices with unmatched design, quality, and durability. Our motto, "Light a Sky" is more than just a slogan—it's a commitment we uphold with every product.

Each Litaski switch is a work of art, meticulously crafted with a keen eye for detail and a relentless pursuit of perfection. From the elegant cover plates to the advanced silver contacts ensuring superior electrical conductivity and anti-welding properties, every component is engineered for exceptional performance and longevity.

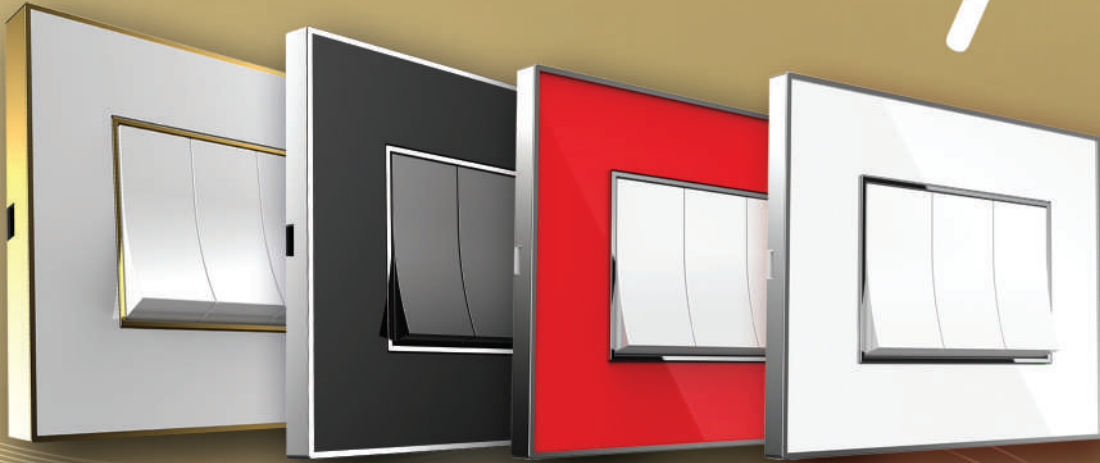

What truly sets Litaski apart is the versatility of our products. Our plates (Mint, Arc, Viva and Mayfair) and switches (Mint, Menta, Milo) are designed for interchangeability, allowing you to mix and match styles and finishes to create a personalized look that complements your décor. This flexibility is made possible by our universal support frame, which seamlessly integrates with any of our switches and plates—a feature that stands out in the market.

Litaski's plate designs are as stunning as they are diverse. The Mint range features a striking 3D profile, the Arc boasts a smooth, elegant curve, and the Viva is distinguished by its chic chrome edges. The crown jewel of our collection is the Mayfair series, offering 12 exquisite colours with a variety of edge combinations. Whether it's the sophisticated red with silver, the classic black with silver, black with gold, white with silver, the timeless white with gold, or the luxurious black chrome paired with walnut, brown wood, wenge, black oak, satin black, titanium grey, and rosewood finishes, there's a Mayfair design to suit every aesthetic.

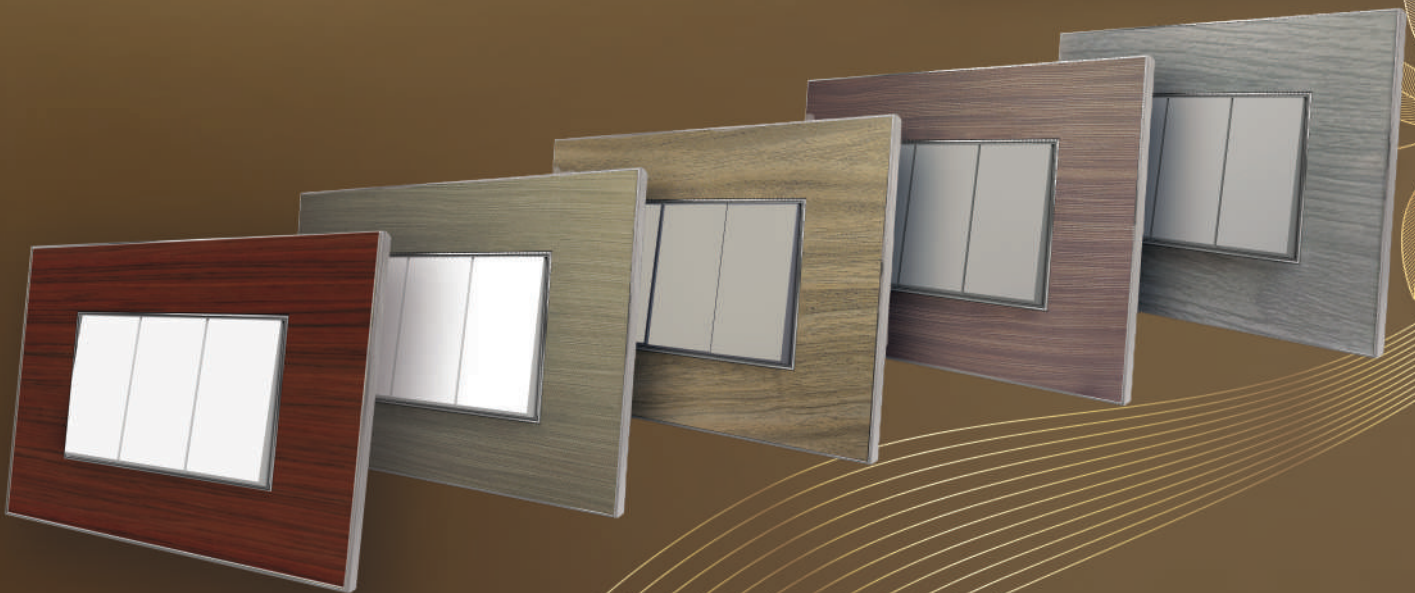

Discover the Litaski difference today and switch to unparalleled style and quality.

Introducing mayfair

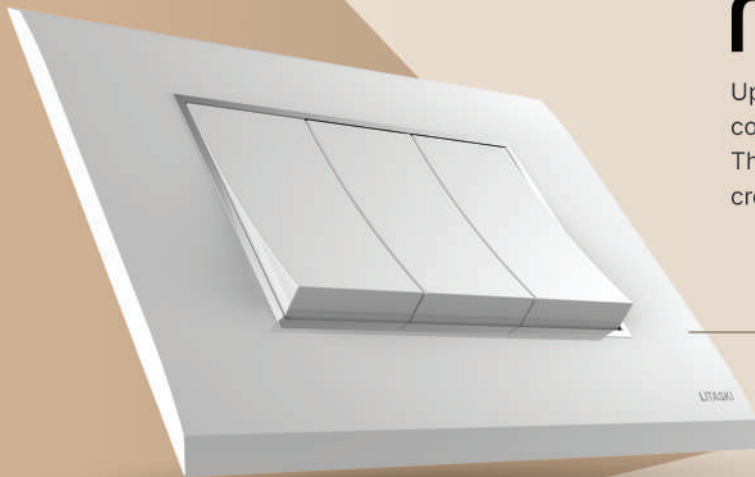

Add Elegance
To your
Home
Decor

menta Titanium

mint Coverplate

Upgrade your home or office with the Mint collection and enjoy the combination of beauty and functionality that Litaski switches are known for.

menta

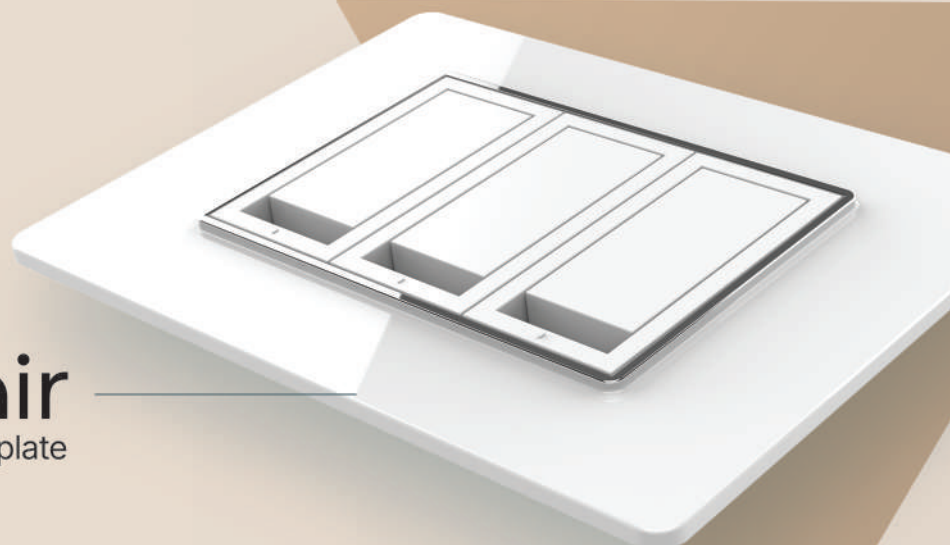

Upgrade your interior design with the Viva + Menta collection of switch plates and switches from Litaski. These two collections perfectly complement each other, creating a stunning and cohesive look in any interior.

viva Coverplate

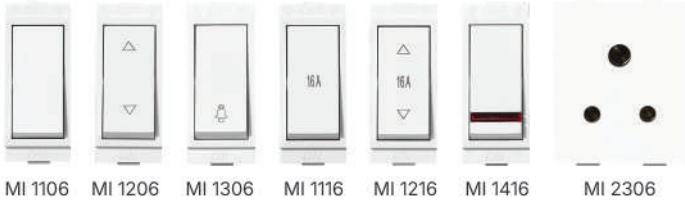

cube

The cube switches have a smooth and glossy finish that complements the Flair plates perfectly. Plus, with our universal support frame, installation is a breeze.
